

CERTIFICATION BODY SERVICES

A UNIQUE, INTERNATIONALLY ACCREDITED CERTIFICATION BODY

The only CB in the world internationally accredited to provide certification support to the land and maritime security sectors, their supply chain, and their clients.

With a background of operational delivery in some of the most challenging markets of the world, we specialize in delivering services in fragile and high-risk countries.

CREDIBILITY UNDERPINS SERVICE DELIVERY

We are committed to:

- The **competence** of our people;
- The **confidentiality** of our clients, and;
- The **impartiality** of our assessments.

OFFERING A TURN-KEY ISO CERTIFICATION PACKAGE SOLUTION FOR A BROAD RANGE OF GENERIC AND SPECIALIST ISO STANDARDS

Schemes include:

Internationally recognised certification of ISO management system standards, including:

- Quality (ISO 9001)
- Environment (ISO 14001)
- Health & safety (BS OHSAS 18001)

and specialist schemes:

- Security operations (ISO 18788)
- Private security company (ANSI PSC.1)
- Supply chain security (ISO 28000)
- Armed maritime security (ISO 28007)
- Anti Bribery & Corruption (ISO 37001 – non accredited)

We are expanding to include information security (ISO 27001).

PROVIDING ISO CERTIFICATION CAPACITY BUILDING SUPPORT

To support client capacity, we offer:

- Gap analysis to help clients understand their readiness;
- Education services to support understanding;
- Internal and external auditor training across our schemes (including IRCA recognised training);
- In addition, we offer Human Rights assurance certification for clients to underpin their ethical business approach.

OUR 'GLOBAL' NAME REFLECTS OUR OPERATIONAL REACH

Recognizing our global client base, we have physical presence in the US, UK and Dubai to provide regionally relevant support, and have operated in every continent of the world except Antarctica in the last 12 months.

PROVIDING NON-ACCREDITED, CUSTOMER-DEFINED, ASSURANCE ASSESSMENTS

MSS Global provides assurance of your operations or your supply chain against customer-defined regulatory, contractual and ethical commitments or other specified requirements.

We validate performance against any combination of:

- International standards
- Contractual requirements
- Regulatory requirements
- Ethical commitments such as human rights standards
